

INSTANT SHELTERS

A STEP-BY-STEP GUIDE TO
USING A RAIN GUTTER

USING THE GUTTER

1

Erect your shelters and stand them side by side.

2

Attach one side of the rain gutter to the inside velcro running across the bottom of the first shelter.

3

Repeat step 2 on the second shelter with the other side of the rain gutter velcro

4

Taper the rain gutter from the middle with your hands to ensure water runs outwards.

5

Your rain gutter is now fully installed.
